# Welcome

Welcome to the Inbound Travel Directory 2010, your authoritative guide to those New Zealand tour operators and suppliers who handle a large share of New Zealand's inbound tourism business and who are members of the Inbound Tour Operators Council (ITOC).

We know from feedback that this annual publication is valued as a major source of information by our New Zealand members and overseas tour wholesalers and retail travel agencies.

ITOC plays an important role within the country's tourism industry and enjoys a close working relationship with the various Regional Tourism Organisations, Tourism New Zealand, Qualmark and other key national tourism bodies. Our focus is very much on stimulating business to business relationships between companies throughout the travel distribution chain as well as in enhancing quality and adding value.

In recent years ITOC has strengthened its focus on quality by implementing an Inbound Tour Operator accreditation system in conjunction with Qualmark. All ITOC full member inbound tour operators are now Qualmark accredited and must meet minimum standards ensuring that we play our part in New Zealand delivering a world-class visitor experience.

Best wishes

Founded in 1973, the company's depth of experience together with its commitment to provide the best possible quality in service and product development has earned it a solid reputation throughout the Pacific Rim and beyond. The company's staff is widely experienced and dedicated to ensuring clients are more than satisfied with every aspect of its service. Specialist divisions, employing highly-skilled, multi-lingual staff with intimate knowledge of New Zealand, cater for the range of widely differing needs of the company's diverse visitor markets. General Travel New Zealand is affiliated to recognised tour operator and travel associations throughout the Pacific Rim and is a member of the General Travel Group of companies which operates in the region, actively promoting travel to the South Pacific.
