The Tourism Expert Council of New Zealand said it has had a “fantastic response” to a call for registrations for Trade Event 2025.

The event will be held at the Viaduct Events Centre on 9 and 10 April.

TECNZ chief executive Lynda Keene said 150 buyers from 70 inbound tourism organisations and destination management companies, including some from Australia, will attend, up from 50 buyers at the previous pre-conference trade event.

One hundred and 70 sellers from 111 companies will also be there, up from 90-100 companies last year.
